

**REMARKS**

Upon entry of this amendment, claims 1-15 will remain pending. Claims 1-15 have been allowed in the Notice of Allowance mailed February 1, 2005.

On page 2 of the Notice of Allowability, the Examiner has entered an Examiner's Amendment to claim 10 at line 32. Applicant understands the substance of the Examiner's Amendment, but considers there to be a typographical error. More particularly, the phrase resulting from the Examiner's Amendment, namely "one of the pair", should read --one of the pairs--, i.e., the recitation of "pair" should be plural not singular. By this reply, this typographical error has been corrected.

Applicant has identified and corrected an additional typographical error, which happens also in claim 10 at line 10. More particularly, the phrase "having a source is connected" in line 10 of claim 10 has been changed to -- having a source connected --.

One of ordinary skill in the art would have recognized these typographical errors and understood the intended substance. The present amendments merely make explicit what the ordinarily-skilled artisan would have understood.

Entry into the record is deemed appropriate for the following reasons.

(A) The present amendment is needed to correct typographical errors, one of which was introduced via the Examiner's Amendment.

(B) The present amendment does not require additional search nor more than cursory review of the record because it merely corrects two minor typographical errors in claim 10.

(C) The claims remain patentable for the reasons of record.

(D) The present amendment was not earlier presented because awareness of the need for it first arose via the Notice of Allowability.
